PROBLEMS

Outdated manual switches cause daily inconvenience

Unattended appliances lead to high energy wastage

No remote access limits control and flexibility

Lack of real-time alerts risks home safety

Complex or costly systems are not beginner-friendly

Disjointed devices lack centralized smart integration

No local support or personalized installation services

SOLUTIONS

- Smart control via mobile app and voice assistants (Alexa/Google)

- Automated scheduling ensures efficient energy savings

- Remote monitoring offers full control from anywhere

- Instant safety alerts for fire, gas leaks, motion, and intrusion

- Simple, affordable system with one-time installation

- Unified dashboard for all devices and smart scenes

- Local support with tailored smart home solutions by Cytronicx
