PROBLEMS

Manual record-keeping leads to errors and delays.

No centralized system causes scheme mismatches across branches.

Monthly installment tracking is tedious and time-consuming.

Customers lack transparency about their scheme status.

Staff waste time on repetitive payment reminder calls.

Documents like KYC and PAN are hard to manage manually.

Admins don't get real-time insights or reports.

No integration with existing tools like JewelPlus.

Poor access control increases risk of data misuse.

SOLUTIONS

- Real-time digital tracking ensures accurate and instant updates.
- Unified dashboard simplifies multi-branch management.
- Razorpay integration enables secure, one-click payments.
- WhatsApp alerts keep customers informed automatically.
- Digital KYC and document uploads improve data handling.
- Smart reports offer instant business insights and trends.
- Automation saves staff time and increases efficiency.
- Seamless integration with JewelPlus and 3rd-party tools.
- Role-based logins ensure secure, controlled access.
